Frontend Assignment: Personal Portfolio Website

Build a personal portfolio webpage using HTML, CSS, and JavaScript.

Assignment Requirements

1. Page Structure (HTML)

- Navigation Bar: About Me, Projects, Achievements, Contact Me

- About Me Section: Short introduction, profile image (optional)

- Projects Section: List at least 2 projects (dummy content allowed)

- Contact Section: Email or contact form

- Social Media Links: LinkedIn / GitHub / Twitter (dummy links allowed)

2. Styling (CSS)

- Consistent theme

- Proper spacing and alignment

- Hover effects on links and buttons

- Smooth transitions

3. Theme Switcher (JavaScript)

- Add a Light / Dark mode toggle

- Toggle should switch themes for the entire page

4. Text Animation

Add an animated text that describes you (e.g., "Frontend Developer | Learner | Problem Solver") using CSS or JavaScript.

Rules

- No frameworks (Angular, React, Bootstrap)

- No copied templates

- Use only HTML, CSS, and JavaScript

Bonus (Optional)

- Smooth scrolling navigation

- Responsive design

- Store theme preference using local storage
